Welcome Home [REDACTED] Family,

As an upcoming *Disney Resort* hotel Guest, you could help us test a new way to experience *Walt Disney World Resort* before we share it with the rest of the world. It's a new collection of magical tools we're calling *MyMagic+*.

Since *MyMagic+* is still being developed, we're offering this opportunity for some Guests, and *Disney Vacation Club®* Members like you, to test it out during your upcoming visit and tell us what you think works and where we need to improve. But don't worry, if you decide not to participate in this test, you will still enjoy a great *Walt Disney World* visit.

As a tester, you get to try our NEW *MagicBand*.

This cool and colorful wristband is an all-in-one accessory that connects you to all of the selections you've made. You can use the *MagicBand* to:

- Enter your *Disney Resort* hotel room with just a touch.
- Enter the *Walt Disney World Parks* (valid Park admission required).
- Access the *FastPass+* attractions and shows you've selected.
- Purchase food and merchandise at select locations*.

And, test our new *FastPass+* service to reserve access to select attractions and shows before you leave home.

Disney FASTPASS® Service has always been a great way to enjoy *Walt Disney World* attractions with little or no wait. During this test, with the NEW *Disney FastPass+* service** you can reserve access to select attractions and shows in advance (valid Theme Park admission required).
